

## Medicare for All

Health care is a human right. Healthy people produce more and live better lives. A strong nation cares for all the people just like good farmers care for all of the farm. Medicare for all now at 100% coverage from birth is good. Tax all income the same to fund medicare. Improve medicare after everyone is covered. First things first.

...

## Green New Deal

Humans require clean air, water and soil. Shelter and sanitation are human rights. If any person lacks sanitation, everyone is jeopardized. Housing is a human right; a family with a secure and decent home is better able to provide education for their children. A secure home leads to smaller families and reduced consumption per family; just one of many green new deal examples that heal Earth with human rights.

...

## Balanced Budget

Eliminate all subsidies and sanctions. A balanced budget improves democracy. The opposite is true of deficit spending laid out with central plans made by experts. A very brief look at reality is enough to see that most deficit spending goes to endless war.

...

## National Public Bank

Funds public projects voted on by citizens. Also funds housing, family farms and business.

## Medicare for All

Three words.

Open medicare law;

- 1) Edit age of eligibility to birth.
- 2) Edit 80% limit to 100%.
- 3) Edit funding to all incomes.

Close medicare for all law.

Vote on it.
